The District of Columbia Air National Guard

Is an Equal Opportunity Affirmative Action Employer

Technician Announcement Number: 06-044

Position: Electronic Integrated Systems Mechanic, WG-2610-12, 80096000

Brief Description of Duties:

Performs maintenance on one or more complete electronic integrated systems such as the Fuel Savings Advisory System (FSAS), Self Contained Navigation System (SCNS), All Weather Landing System, and Malfunction Detection, Analysis, and Recording System (MADAR). Completes operational checks, inspections, tests, and trouble shooting of line replaceable units (LRUs) which are linked with the integrated systems and , also a number of LRUs which are independent or associated with nonintegrated systems. Isolates unusual malfunctions using technical orders, schematics and wiring diagrams, tools, and test equipment including automatic test equipment. Performs maintenance on automatic flight control systems instrument systems, communications and navigation systems, and internal navigations systems. Recommends methods to improve equipment performance, technical data, and maintenance procedures by reporting hardware and software malfunctions, initiates material deficiency reports both on equipment and in technical data, and assists in design changes as necessary. Conducts on-the-job training on assigned systems and related support equipment and tasks to include classroom instruction as necessary. Processes and accounts for due-in from maintenance (DIFM) supply assets. Performs other duties as assigned.

Qualifications: WG-2610-12

General Experience:

Experience, education, or training which demonstrates a knowledge of electronics principles involved in a number of applications such as radar, data processing, and data display, as well as mechanical and hydraulic knowledges involved in operations of equipment such as control valves, gyros, turrets, and mounts and mechanical computing devices.

Specialized Experience:

Must demonstrate eighteen (18) months experience in which the following Knowledge, Skills, and Abilities (KSA's) as described below have been attained.

Knowledge, Skills and Abilities (KSA's) Statements (WG-12)

- A. Knowledge to apply electronic theories and practices to identify, isolate and repair malfunctions in one or more complex integrated systems where knowledge of the entire system is necessary to interpret error data and trace back through a number of units of the system to locate deficiencies.
- B. Knowledge of the principles of digital and analog circuits, electromechanical devices, solid state devices theory, digital techniques, synchro/servo operation and integrated circuit theory.
- C. Ability to interpret and trace schematic, logic and wiring diagrams and use a wide variety of test, measurement, and diagnostic equipment (TMDE).
- D. Knowledge of the Technical Order system and other technical publications and directives relating to the section.
- E. Ability to use hand tools and precision measuring equipment.
- F. Skill in the use of diagnostic and testing equipment.

**Current Unit assignment, AFSC/SSI and Military grade must be included on application.
Incomplete applications will not be considered for employment.**
